15 The Board did a site visit at the Sandown Library. Adam Shlager, the Library Director showed
16 the board an area at the entrance where he had concern. The handicap ramp that leads to the front
17 doorway has sunk about 2 inches making the accessibility questionable. He added that he spoke
18 with John Runcie about a potential fix for it.
19

20 The Board continued to walk through the library to see the new additions (quiet room, music
21 garden and back patio). Mr. Shlager identified a few trees that would be removed when the
22 highway department had the time.
23

24 The Board walked across the street to do a site visit at Seeley Beach. Becky Thompson, the
25 Recreation Director indicated that the stairs leading down to the beach were in disrepair and
26 needed to be replaced along with the railing, which is broken. Ms. Thompson added that there
27 was some vandalism at the beach last summer and the commission hoped to put a camera there
28 this year to try and monitor the area better. She added that they may also try and do some
29 mitigation with noise to deter the ducks, which caused water quality issues.

31 The meeting adjourned at 2:40 pm
